Boxing Officials Affirm Carpentier-Siki Verdict

PARIS. Sept. 29 (Associated Press).—The French Boxing Federation last night, in settling the controversy over the outcome of the bout between Battling Siki and Georges Carpentier, approved the judges' decision awarding the fight to Siki because Carpentler was "hors de combat."

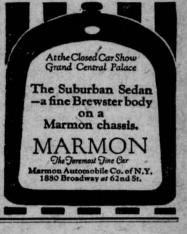

The earnest plea of Francois Descamps, manager of Carpentier, for the addition of the phrase "through injury" was denied to avoid placing the defeat on record as being due simply to Siki putting away his man in the customary manner.

M. Decoin, a prominent sportsman, asked why Victor Breyer, organizer of the bout; Harry Bernstein, one of his employees, and M. Bennison, a correspondent of Breyer's sporting paper, were the officials of the fight. This was unanswered and produced an instant chill.
